

Do you have what it takes to be a GENEiUS participant?

We are looking for 1st year undergraduate students aged 17 to 25 to take part in a non-invasive, long term study which aims to assess the genetic, environmental, and lifestyle determinants of weight change during post-secondary education

The study will involve:

- Lab visits every six months until graduation (visit length=30 minutes)
- Collection of a saliva sample for genetic analysis (only at visit 1)
- Collection of a small hair sample for cortisol analysis
- Weight, height, waist, and hip circumference measurements
- Questionnaire on dietary and lifestyle habits

You will be reimbursed with a \$10 gift card on your first appointment and \$5 gift card on subsequent appointments

To join the GENEiUS Study, contact Rita Morassut at
905-525-9140 x22345 or geneiusmac@gmail.com
